Powered Possibilities are Endless

DATA SHEET

PowerMate L-1 Stair Climbing Handtruck

The PowerMate L-1 Stair Climbing Hand Truck is the ideal machine for safely moving loads up to 295kg.

It can easily move appliances, residential AC units, hot water tanks, gas cylinders, office machines, filing cabinets and countless other everyday loads that would otherwise take two or more people to move without a PowerMate.

PowerMate safety lifting devices provide a range of advantages over non-powered moving options and the competition.

Four machines in one: a powered stair climber; a powered tailgate lift; a loading dock leveler and a well balanced dolly.

Maximum Capacity	295kg (2 people) 204kg (1)	Motor	.65 kilowatt high efficiency DC
Overall Dimensions	609 x 419 x 1524mm	Braking	Fully automatic
