# DATA SHEET

## Spin Go Electric Work Platforms

The compact and attractive unit is specifically designed to fit through a standard door and be manually manoeuvred with ease.

Very important for this market which includes applications such as retail, offices and schools etc... the platform entry height is just 363mm for easy entry and access.

Once inside the Spin Go the controls could not be simpler – up or down.

Platform capacity is 130kg with a further 90kg on the material shelf/tray and 112kg can be place on a chassis storage tray providing ample space and capacity for all your requirements

Max Working Height	4168mm	Height Stowed	1500mm
