

DATA SHEET

Zallys - Micro

ZALLYS MICRO

Zallys MICRO - It is the right solution for people who love freedom, for whom the need to move in parks, gardens, on beaches and in large spaces quickly and quietly is essential.

With its strong steel frame and catchy Italian design, it is ideal for use on difficult grounds, offering the driver stability and a great control for distances up to 60 Km on flat ground.

The Micro can be equipped with a basket and a golf bag holder and has the capacity to carry up to 250 kg.

The Micro is equipped with a pressure sensor under the seat that allows the vehicle to function only in the presence of a man on board.

The motor has an electromagnetic brake that blocks off the vehicle preventing accidental slipping while on ramps and at full load.

The gears in oil bath avoid any kind of maintenance. All Zallys vehicles are produced with high quality materials and are CE certified according to the latest European normative.

Machine length:	1254mm
