

## DATA SHEET

# POLYMEDIC 24 BAY TROLLEY

### Description:

- Motorized food service trolley

### Features:

All the components necessary for traction are built into the wheel: the electric motor, high energy, very long life batteries, a power controller ensuring optimum motor control and battery management and a wired or wireless interface.

The wheel can be used inside or outside, over a wide range of temperatures. The components – including the battery – do not need any inspection or maintenance over the product's whole lifespan. The casing enables the wheel to bear a load of up to 200 kg.

The robust assembly can withstand the stresses of knocks and severe vibration.

### Applications:

- Hospitals
- Healthcare
- Hotels
- Kitchens

### Specifications:

<b>Length</b>	1505 mm
<b>Width</b>	550 mm
<b>Height</b>	1495 mm
<b>Castors</b>	2 x 150 mm, 2 x 150 mm with brakes
<b>Capacity</b>	200 kg / 24 trays
<b>Tray Size</b>	550 x 400 mm
<b>Tray Runners</b>	145 mm
